

Furbearer Summary

1. Recommending requiring breakaway lock devices on snares to protect non-targets
2. Clarified the definition of an “Artificial cubby set”
3. Separated “Bobcat Permits” from “Bobcat Tags” - Made consistent with big game permits / tags
4. Clarified what documentation needs to accompany harvested bobcats
5. Clarified the legal methods for removing animals from traps at night
6. Clarify spotlighting wording in rule to correspond with statute
7. Bobcat age data not available at time of mailing (will be before RAC meetings) so bobcat recommendations cannot be formulated yet - Bobcat recommendations will follow the Bobcat Management Plan and will be presented at the RAC meetings

Enclosed you will find draft copies of the proclamation and rule.
